13th December 2017

NOTICE TO MARINERS

FIRTH OF TAY

Jack-up Rig Rowan Gorilla 7

Mariners are advised that the Jack-up Rig 'Rowan Gorilla 7' is due to transit the Tay inbound on Thursday 14th December 2017. The final berthing position will be jacked up on the west side of Prince Charles Wharf. The rig will be off the Fairway buoy to collect pilot at 0815, and will then proceed down the navigation channel to berth/pin at 1218 HW slack. The navigation channels will be closed for this planned movement to allow the safe navigation of the rig and her towing vessels. All other vessels are required to keep well clear (minimum 200m) and must not impede or endanger the planned passage as per General Direction no 14.

The rig will be assisted by 4 harbour tugs, plus one lead tug off the bow.

The rig move is weather dependant, and Dundee Harbour Radio can be contacted on VHF channel 12 for any updates.
