11 April 2018

## NOTICE TO MARINERS FIRTH OF FORTH

### Newhaven Harbour Pontoon Maintenance

#### Ref Chart 735

Mariners are advised commencing on the **12<sup>th</sup> April 2018** the Newhaven Pontoon system will be removed to undergo essential maintenance.

The pontoons will be removed from the harbour and towed into Leith where they are expected to remain for approximately 14 days.

During this time the 3 securing piles structure's shown in attached picture will be unlit and mariners are advised to navigate with caution when entering and exiting Newhaven Harbour.

Dredging works will also take place within the black outlined area on the attached chartlet. These will be carried out by the vessel **SELKE** commencing on or around the 14<sup>th</sup> April for a period of up to 5 days and will require the vessel to transit to and from the Oxcars deposit several times per day.

During dredging operations the vessel will advise Forth & Tay Navigation Service of its movements and will display the shapes and lights as required by international and local regulations and will maintain a listening watch on VHF Channel 71.

All mariners are advised to proceed with caution when navigating within the confined of Newhaven Harbour during the above noted period.
