NOTICE TO MARINERS

FIRTH OF FORTH

Babcock Rosyth – Dredging & Survey Operations

Mariners are advised that commencing on or around the 27th of June, for a period of around 2 weeks, dredging and survey operations will take place at the Babcock Rosyth tidal berths and approaches.

Dredging Operations

Dredging operations will commence on the 27th June for a period of around 9 days and will be carried out by the 'UKD Marlin' and 'UKD Seahorse' and will require the 'UKD Marlin' to transit to and from the Oxcars deposit site several times per day.

Survey Operations

The survey operations will take place between the 30th - 8th of July and will be carried out by either the 'Coastal Sensor' or 'Marine Sensor'.

During these operations the vessels will display shapes and lights as required by International and local regulations, will advise Forth and Tay Navigation of all movements and maintain a listening watch on VHF Channel 71, and 16.
